

Green Metric, LLC brings home Gold in the 6th Annual 2014 Golden Bridge Awards (Green IT Category)

**Winners Honored at the Golden Bridge Awards Dinner and Presentation in San Francisco
on September 8, 2014**

Minneapolis, Mn – September 9, 2014 – Green Metric, LLC has earned the prestigious Gold status in the Golden Bridge Awards for their secure cloud solution that provides energy reporting and HVAC control. The coveted annual Golden Bridge Awards program encompasses the world's best in innovation from every major industry in the world.

The name Green Metric is born out of our vision that any size organization can be green in all their buildings across the globe. Our mission is to provide products that allow organizations to manage HVAC and measure energy usage in a financially responsible manner. Now, there's finally a solution that allows companies to realize this vision. Green Metric has developed a low cost, secure-cloud solution that allows businesses to control HVAC equipment and do energy reporting for a few buildings or thousands of buildings.

More than 40 judges from a broad spectrum of industry voices from around the world participated and their average scores determined the 2014 Golden Bridge Business Awards winners. The winners were honored during the awards dinner and presentation on September 30, 2014 in San Francisco attended by the finalists, industry leaders, and judges.

“It's an honor to be named a winner by Golden Bridge Awards for this esteemed industry and peer of the Oscars for the business world,” said Gary McMillan. “These awards are a testament to Green Metric's commitment to allow any size organization to be Green in all of their buildings.”

About the Golden Bridge Awards
